Subject: RE: Former Whirlpool Park
Date: Thursday, March 14, 2013 8:38:07 AM

I see that Matt Knecht was left off of this communication, so I have added him, above. Per our Site Access Agreement, I would ask that Matt be involved with the discussions between Ron and Steve. We have looked over Steve's comments, and I know that Matt has some follow-up which he would like to discuss with Ron and Steve.

That being said, Matt is going to be leaving on vacation very soon, and will not be back until the week of March 25th. Accordingly, could we hold off on the call between Ron and Steve until Matt gets back on the 25th? This should also give us time to receive and review the comments from Ohio EPA.

Thanks, Tom.

Subject: Former Whirlpool Park

Steve,

Thanks for your comments on the draft work plans. While Ron Roelker (AECOM) plans to call you next week to get clarification on a few points, we don't foresee problems incorporating your comments into a revised set of work plans.

We are, however, awaiting comments from Ohio EPA and will hold off on the revisions until we review their inputs.

Bob K.
